FOR LAND AND WASTE MANAGEMENT**

11. – Policy Instruments and Governance

***Activity 1.- Policy-mapping exercise (actors &
responsibilities)***

Co-funded by
the European Union

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them.

Activity 1. Policy-Mapping Exercise (Actors & Responsibilities)

Objective

Identify key stakeholders involved in circular economy governance and analyze their responsibilities.

Task

Choose one land- or waste-management issue in your region (e.g., plastic waste, e-waste, landfill overuse, agricultural waste).

Create a simple policy map or table showing:

Actor	Responsibilities	Main Challenges
Government		
Municipal authorities		
Companies/producers		
Waste sector		
NGOs/civil society		
Consumers		

Instructions

1. Identify the main actors involved.
2. Explain how they interact.
3. Identify one or two governance gaps.
4. Suggest two improvements for better circular economy implementation.

Output

Submit:

- a table,
- diagram,
- or short text (200–300 words).

Learning Outcome

Learners will be able to analyze stakeholder roles and governance challenges in circular economy systems.
